## STOLEN CASH IS SOON RESTORED

Concord, April 18.—Sheriff George A. Wooster and Deputy City Marshal Victor L. The burglary, so-called, occurred sometime during the night and the entire town was up in arms Friday morning when the news spread of the loss of the money, \$500 of which belonged to a Dunbar church.

The thief, according to the stories

which were told the police officials, had also attempted a break at the home of John Ireland using a "blinky" on the door and prying open the window.

This unsuccessful attempt made the party Marshal Moore more or less suspicious and closely quizzing the son brought forth the confession.

## If Bolshevism Comes.

While well aware that there are uneasy, turbulent and even dangerous elements in the country, this paper does not believe that there is any danger here of Bolshevism as it exists in the Old World.

But for some time there has been talk of the danger of the development of genuine Bolshevism here. If it is to be admitted that such danger is present it is none too early to be preparing to meet and suppress it.

And how is this to be done? Are we to kill the fatted calf and invite to the feast those who regard the rights neither of life nor property, or shall we deal with thuggery, rapine and murder in a way to indicate that liberty is not to be regarded as license, and that there still remain some rights which the most wanton must respect?

This paper believes that such is the proper attitude to take in case conditions should demand action. There are others who take a different view, and among them is Prof. Samuel McKane Lindsay, president of the Academy of Political Science, who in a recent address at Columbia University said he believed the only remedy for the evil in question lies in "a sane and progressive social welfare program." He said America has been slower than European nations in learning the lessons of history and to understand that "desperation and despair on the part of the propertyless are the real breeders of revolution and anarchy."

But if it must be remembered that in this country there is no cause for desperation and despair on the part of any able-bodied man who is willing to work. Whatever conditions may be, or may have been, in the Old World, there is here abundant opportunity for every willing worker to take good care of himself and his dependents, while the best of care awaits all who through unavoidable misfortune have come to want.

These facts are known to all, and they are facts which eliminate all excuse for anything and everything resembling Bolshevism, which would overthrow stable government and supplant it with disorder and terrorism.

While it is to be hoped and believed that nothing resembling Old World Bolshevism will appear in the United States, it is not out of place to be on guard. And it should be decided right at the start not to fool with the trouble in case it arises. There should be no time wasted on "social welfare" programs or anything of the sort. If the monster that is cursing Russia and other parts of Europe shows its head here it should be struck down with force, such force as President Wilson prescribed for the organized foes of civilization.

In this country the people enjoy liberty under law. If there are those who are unwilling to do this they must be taught that there is such a thing as law under American liberty, and that it must be respected.

## WELCOME HOME

Corporal Fred H. Marden, son of Captain and Mrs. Henry Marden of Kittery Point, arrived in Boston Friday on the transport Patricia and is at Camp Devens awaiting his release. Corporal Marden enlisted in Allston, Mass., June 2, 1917 in C. Co., 101st Field Battalion, Signal Corps and sailed for overseas a year ago last September. He has been in the thick of the fight and last May was cited for bravery, and has recently been awarded the Croix de Guerre.

Corporal Marden, who is a young

man of estimable characteristics, was graduated from Trip Academy, Kittery, in 1912, and he later accepted a position with the Edison Electric Light Company and was in its employ five years, leaving to enter the service. He was born and brought up in Kittery Point and that village should certainly feel proud of the honor the young soldier has received for his bravery on the battlefield and should give him an enthusiastic welcome upon his return home.

Corporal Seth E. Rand of Rye, a member of Co. A, 101st Supply Train, arrived in Boston from overseas Friday on the transport Winfield, which brought more than 2000 returning troops. Corporal Rand has been overseas a long time and has seen much active service. He was formerly in the employ of the local electric road and is well known in this city and his friends will greet him heartily on his arrival home.

Ralph Adams, who arrived from France over a week ago and has been at camp awaiting his discharge, has been released from service and arrived Thursday at his home in this city. He has served a long time overseas.

## PUBLIC APPRECIATE THE GOOD WORK OF THE SUPERINTENDENT

Regardless of the controversy over the affairs of the Portsmouth Hospital of late by organized labor and other sources, it is admitted by the public in general that there is no grievance against the personal management under the present superintendent, Miss Mary G. Ramsay.

Under her management the hospital was made a recognized training school and graduated the first corps of nurses to pass the state examination since the hospital was established. Miss Ramsay is known to the public and nursing profession as one of the most capable and efficient women that the Portsmouth Hospital has ever had in a supervisory capacity. She has been in charge since 1911 and has exerted herself at every opportunity to advance the institution as far as her personal authority would allow.

## SHIPYARD MEN WORKED; NAVY MEN HAVE DAY OFF

## Boston Draws Many Today to See Start of Base Ball Season.

Mechanics at the Atlantic and Shattuck shipyards were on the job, bright and early this morning, not observing the holiday as was stated last week. The cancellation of the Governor's proclamation for a New Hampshire holiday today was rescinded late yesterday, after all hope of holding a victory parade of returned 26th Division soldiers was abandoned.

The Navy Yard employees took the day off, many of the men living in Massachusetts went home on the 1:30 train yesterday afternoon.

Patriots' Day to the sons of the Bay State means much and combined with the opening of the big league baseball season in Boston proved a big lure to draw the men home.

## WILL OBSERVE IRISH REPUBLIC WEEK

The following telegram has been received by the local branch, Friends of Irish Freedom:

New York, April 18.  
Week beginning Easter Sunday to be recognized as Irish Republic week. National Council, Friends of Irish Freedom, met last night and decided to hold a series of meetings throughout the country demanding international recognition of the Irish Republic and opposing any league of nations that infringes on American sovereignty or does not include Ireland as an equal. The Council urges general display of Irish Republican flags during the week.

Justice Cahan of New York received the following cablegram from the secretary of the Irish American delegates to the Peace Conference: Great voyage, splendid reception. Have established headquarters at the Grand Hotel, Paris.

(Signed) SECRETARY,  
Friends of Irish Freedom.

## MARINES ENTERTAIN

A very successful entertainment and an informal dance was given Wednesday evening by the Marines stationed at the Marine Barracks, Navy Yard, for their friends.

The program was started by six buglers sounding "Reveille" and "Attention" from the footlights and then the Star Spangled Banner was played by the Marine Band. The band favored with two popular selections. Private Mitchell then favored with two vocal selections and was very much appreciated for his first number which was "The Marine Hymn," which we all so well know and as he sang those lines:

From the halls of Montezuma  
To the shores of Tripoli  
We fight our country's battles

On the land as on the sea—  
One could not help being impressed realizing the part the Marines had taken in this present war. Corporal Nagel then added to the program by rendering two selections on the piano and drew the attention of the audience to the easiness of playing difficult pieces.

We also had two well known comedians, Janke and Fisher, who served a lift with their jokes and chatter. An interesting number was a three round bout between Barkley and Howard, both well known in the world of boxing, and although of different classes, entertained the audience by a well fought exhibition.

And last but not least a comedy act called "Pulling Teeth by Steam" or "The Dentist's Clerk," given by six of the boys, scored a success in that they did full justice to each part, not overdoing their parts in any instance. The scene was set in a dentist's office who had invented a machine that would pull teeth by steam and customers came in and discovered this machine, and also the dentist's clerk, a colored fellow who has rather rough ideas of extracting our sensitive grinders.

The Marine orchestra took the stage and furnished music for dancing.

This closed a very successful evening. Thanks to Lieut. Colonel Buttrick, who commands the Marines stationed here, and his cooperation in making this affair possible and it is hoped soon to have another of these enjoyable times.

## PAID \$50 FOR COLD TEA WHICH THEY THOUGHT WAS BOOZE

Booze is generally booze in most places, but booze is tea in Charlemont, N. H., sometimes that is, with some of the bootleggers of that town, who recently pulled a trick one that netted them fifty dollars on nothing but cold tea. They loaded a dress suit case with ten quarts of this aromatic beverage and hung around the depot until the train from Greenfield, Mass., came in which generally brings the booze runners. They made it appear that they came in on that train and soon had a market for the contents of the case, disposing of it for \$5 for each bottle, making a grand total of \$50 for the tea.

The bootlegging salesmen quickly disappeared while the purchasers made

A meeting of the Executive committee and the team captains will be held at the Rockingham hotel on Tuesday evening, when the plans for the campaign will be perfected.

## AUTO CRASHED THRU FENCE INTO GARDEN

An automobile driven by a woman crashed into the fence on the Hill property on the corner of Middle and State streets Friday noon, and tore away a good section of the fence, carrying away the corner post.

The car a Sedan type, driven by a woman and containing another woman and two children was coming down Middle street at a good rate of speed, and at the corner of State street Mr. Harry Philbrook in his truck was coming up on his side of the street. He was swinging his wide to make the turn, but when he saw the other machine he applied his brakes and just in time, for the woman kept on Middle street and to gave running into Mr. Philbrook she turned sharp to the left and shot up over the curb, across the side walk and thru the fence into the garden.

Mr. Philbrook stopped his car and went to her assistance, and found nobody was injured in the car. He assisted in getting the car back into the street and the woman after arranging for adjusting the damage went on her way. It was a very narrow escape and quick action by both saved a dangerous accident.

The organizers have been working through Milton Farmington and other places and these exchanges are losing their operators, so that by the time the strike is a few days older

## FROM THE FIRST DOSE

Hood's Sarsaparilla Begins Its Reconstructive Work. First, it creates an appetite. Second, it adds digestion. Third, it perfects assimilation. Fourth, it cures 100 per cent of the nourishment in the food you eat into the blood and the body, thereby enriching and vitalizing your blood, which in time renews your strength and builds up again your reserve strength and vitality. This makes Hood's Sarsaparilla one of the great remedies of the world. From the first dose you are on a definite road to improvement. It is of inestimable value just now to restore the health and nerve force so greatly exhausted by war excitement, the grip and influenza epidemic and the changing season. It is the right medicine for you this Spring. Get a bottle today. And if you need a mild, effective cathartic, get Hood's Pills.

## LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Magie! Just drop a little Freezone on that touchy corn, instantly it stops itching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

practically every exchange in the state will have been taken into the union.

There was comparatively no change in the local situation and the morning meeting of the operators was taken up with hearing reports etc. The operators received notices of endorsement from the various unions and were offered all kinds of advice, but they are sticking to their original plan of watchful waiting, keeping a picket line on the telephone exchange and watching out for strike breakers.

The service was about the same, four operators were at work, the Chief operator, an operator who did not go out on the strike, a former operator and an inexperienced volunteer. In the evening one of the office staff is trying to take care of emergency calls. Miss Sullivan the organizer from the Boston Union was busy on Friday with a committee from the local union on the small exchanges and with considerable success.

The local union states that they have no idea when the strike will end, that they will remain out until the International Union gives the word to return to work, that their demands for better wages have been granted.

## SHATTUCK SHIP YARD NOTES

Mr. Melvin Clarke of Portsmouth has succeeded Ralph Adams as chauffeur for General Manager Hewins.

Phil Lapierre, ambulance driver, has resumed his position and is returning to Manchester, his home.

## MR. HARMON RESIGNS.

Mr. S. C. Harmon, cashier at the Shattuck plant almost since its organization, is severing his connection with the Shattuck Corporation today. Mr. Harmon has accepted a prominent position with a large Boston business house of established reputation.

We shall miss Mr. Harmon. We never could get much talk with him because he was hustling all the time. His was a trying position at times during the busy period at the height of the war, but at all times he was found equal to it. The remarkable record of his department speaks volumes for his ability. An efficient man is always popular at the Shattuck plant, and for this reason we will feel his loss the more.

## HOTEL RESTAURANT CHANGES HANDS.

Last Wednesday the hotel restaurant passed into the hands of W. C. Kallam and B. Robertson. Mr. Kallam who has had the hotel since its erection has retired, and will devote his entire time to his restaurant in Concord, N. H.

Mr. Kallam has been chief of the hotel since last spring. Under his management the hotel will give even better service than in the past. Mr. Kallam wants every man in the yard to come in and give one of his meals a trial. He guarantees satisfaction and we have every reason to believe he will make good his guarantee.

## GOOD FRIDAY SERVICES

Good Friday was generally observed by many of the churches. At the Church of the Immaculate Conception there was the way of the Cross at three o'clock, and at 7:30 another service with a sermon by a Missionary father followed by the adoration of the cross, a Good Friday ceremony. Both services were crowded, the evening service the church being filled at 7:15 so that people were unable to gain admission.

At the Christ and St. John's church there was a solemn service during the afternoon and again in the evening and there was a good attendance at both.

At the North church there was a Good Friday service at 7:30 with a fine sermon by Professor A. L. Gillett.

## CITY BOWLING CHAMPIONSHIP

There were two matches in the city bowling championship at the Arcade alleys on Friday evening and both well rolled.

Jack Renner defeated Moynahan in a good match rolled 316, and Linchey defeated Alley in a close and well rolled match in which both men went over the three century mark. Linchey got the jump on Alley with 129 for his first string, but Alley came back with 114 in his second, but could not hold the pace.

Renner defeated Moynahan, Renner—20, 116, 110—316. Moynahan—91, 97, 107—298.

Linchey defeated Alley, Linchey—120, 109, 97—317. Alley—99, 114, 93—306.

When you want your Ford Car repaired, insist always upon getting the genuine Ford parts, made by the Ford Motor Company, in order to insure reliable quality. There are "spurious," "counterfeit," "imitation" parts made by outside concerns who have no regard for quality in material, so insist on your Garage or Repair man furnishing you the genuine Ford Parts. All reliable garages may now buy the genuine Ford Parts from us—so there's no excuse for any one using the "bogus" parts. To be sure, bring your car to us for repairs or replacements.

**HAMPTON PHONE  
OPERATORS  
JOIN STRIKERS****Rye Beach Girls Also Quit  
Switchboard Yesterday.**

The strike of the phone girls entering on its fifth day was unchanged locally. The spirit of the girls and plant men who are out in this city is high and their courage unshaken. They are confident that they will win regardless of the time that it will take in winning.

Supported by powerful labor organizations the girls are united in saying that they will receive what they demand and they are full of confidence. Miss Rose Sullivan of the Boston Union students' committee, who has been whipping the small exchange girls' organization into shape, virtually finished the task in this vicinity last evening. Yesterday with a committee from Portsmouth she made flying visits to Dover, Rochester, Milton, Wolfboro, and Farmington and the girls from these exchanges were enthusiastic over their cause.

The towns mentioned above come under the district of the Dover local and will meet there and in Rochester on alternating weeks.

Today Miss Sullivan and Miss Flanagan of the local Union went to Boston to attend a mass meeting in the Hub.

The Rye Beach and Hampton operators walked out yesterday. The exchanges have three girls each and the whole number quit. They are affiliated with Local 71A.

The situation in the plant men's controversy is about the same as yesterday. Mr. McKinnon of the plant men's strike committee, who is foreman of the plant men, is in Boston conferring with the Boston officials of the union.

**MR. FLYNN NOW READY

Mr. Flynn will be all ready for business Monday and guarantees that all orders left with him will be attended to promptly.

The process of retreading that this concern is putting out allows Mr. Flynn to guarantee the work for 5000 miles, at one half the cost of a new tire.
